JACKSONVILLE, ILLINOIS, WEDNESDAY MORNING, JUNE 30, 1948

TEN PAGES—FIVE CENTS

Soviets Blasted By Slavs

By Walter Welebit
Belgrade, Yugoslavia, June 29.—(AP)—In angry defiance, Yugoslavia's communist party accused the Russian-led Cominform tonight of lies and slander. It declared firmly its relations with Russia "must be based on confidence and not on spying."

This in general was the 10,000-word answer to the Cominform's condemnation of Premier Marshal Tito's regime and its call upon "loyal" Yugoslav communists to overthrow the country's leaders unless they mend their "nationalistic ways."

Language harsh
With language unapologetically harsh for exchanges between communists and non-communists, the Yugoslav party denounced as absurd a long list of Cominform charges, ranging from hostilities toward Russia to attempts to curry favor with western nations.

"Among the most serious slanders against Yugoslavia," the statement said, was a charge of dealing with "traitors" outside of the Soviet bloc.

The sharply-worded Yugoslav answer was tempered only by a declaration that "direct contact" between the Bolshevik party of Russia and Yugoslav party organization is necessary to iron out differences.

"Only in such a way will there be a solution," the statement said.

Slavs Need Red Help
The central committee of the communist party of Yugoslavia needs the help of Russia," it added.

But this apparent willingness to conciliate the differences was accompanied without a sign of knocking order to Russian pressure.

One by one, the statement denied the Yugoslav's accusations that Yugoslavia has strayed from the party of Marxism and from close cooperation with the communist countries into the errors of nationalism.

It claimed, moreover, that those accusations were laid down without Yugoslav communists having been given a chance to defend themselves.

Disagrees With Politburo
The reply even took issue with the Moscow Politburo's did not try to discuss the subject, and does not try to put away the lies about the government central committee of Yugoslavia's communists, the reply said.

It complained that neither the magazine published in Belgrade by the communist International Labor bureau (Cominform) nor the Soviet press ever print facts about "the enormous successes of Yugoslavia in its work on reconstruction and socialization and the five-year plan. They should not be silent when facts prove it."

ITU Calls Charge Of Taft-Hartley Violation 'Routine'

Indianapolis, June 29.—(AP)—The International Typographical Union (ITU) has passed off as "just routine" a national labor relation board's charge that the union is in violation of the Taft-Hartley act in its dealings with more than 800 newspapers.

Clarence Martin, attorney for the ITU, said there was "nothing new" in the brief filed yesterday by Robert N. Nienhaus, NLRB counsel, with Arthur Telford, trial examiner.

Martin said Nienhaus' charge, which asked that the union be found guilty of Taft-Hartley violations, 000 and net loss of \$90,000 last year, presented "no change in his argument."

"We have contended that he is incorrect in his assumptions," Denham said the union had violated the act on the following three counts:

1. Illegally demanding of the newspaper a closed shop.

2. Refusing to bargain in good faith.

3. Attempting to force local unions to act illegally in bargaining.

Break Red Food Blockade

U. S. Air Force C-47's rest on Tempelhof Airdrome at Berlin after flying in food supplies, at the rate of one plane every eight minutes, to break the Soviet food blockade aimed at driving the Western Allies from Berlin.

Claim UMW Local Kept 445 Workers Blocked In Mine

Washington, June 29.—(AP)—A unit of the United Mine Workers of America was charged today with blocking 445 miners underground in West Virginia to compel them to join the union.

Robert N. Denham, general counsel of the National Labor Relations board, announced the charges in a formal complaint against district 31 of John L. Lewis' UMW.

Denham's complaint said UMW members blocked the entry of four miners from the mine last March, forcing the miners to stay underground until they signed union membership application cards.

Beatings of some non-unionists and mass picketing of the four mines—all in violation of the Taft-Hartley labor act—also were charged in Denham's complaint.

The incidents were said to have occurred during this spring's six-week mass picketing of the four mines.

An NLRB trial examiner will hear the complaint Aug. 10 at Kingswood, W. Va. He will receive evidence and then come to a decision. An appeal is possible later to the five-man NLRB.

Resume Service On North Shore Railway Today

Chicago, June 29.—(AP)—The North Shore line, paralyzed by a strike since March 27, will resume service today, a national labor relation board's decision said.

The increase in fares, approved by the Illinois Commerce Commission, averages 40 per cent. The increase is for a four months test period.

The seven unions involved in the strike were granted wage increases of 15 cents an hour. The last of the unions to settle reached an agreement with the line Friday.

Bernard J. Fallon, president of the Chicago, North Shore and Milwaukee Railroad, told the commission there was "no hope" of continuing operations without an increase in fares.

He testified increased costs arising from the strike settlement will cost \$600,000 a year. The road showed an operating loss of \$230,000 and net loss of \$90,000 last year.

Fallon said "we are willing to take a loss to prove to the public that we tried to operate the road successfully."

Railroad Owners, Unions Meet

Washington, June 29.—(AP)—A White House mediator and union and management representatives met today for a four-hour joint session late today, giving rise to hope that a settlement of the railroad labor dispute may be near.

The negotiator, presidential assistant John R. Steelman, would not speculate on prospects for an early settlement.

Asked if progress had been made, he said:

"I am not sure, but we shall try again tomorrow."

DEWEY CALLS BERLIN SITUATION "GRAVE" AT PRESS MEETING

Pawling, N.Y., June 29.—(AP)—Gov. Thomas E. Dewey today called the Berlin blockade "a grave situation" but insisted "we must not even consider" that it will lead to war.

The Republican presidential nominee told reporters at his farm here that he planned a "full length conference" soon with John Foster Dulles, his foreign affairs adviser.

Dewey said he had been discussing the Russian blockade of the American, British and French sectors of Berlin "twice a day now for several days" by telephone.

The New York governor held a news conference while sitting out-side under a Norway maple tree outside his 12-room white-painted farm house.

Pressed for comment on the Soviet denunciation by Marshal Tito of Yugoslavia, Dewey said:

"I'd like to see more of the details before I comment."

"I'd like to get more background. When the communists fall apart I'm always a little dubious."

London Dockers Will End Work Stoppage Today

London, June 29.—(AP)—London dock workers voted today to end their unauthorized strike after Prime Minister Attlee's Labor government received emergency powers to cope with the situation.

The workers, who have been out 16 days, decided to return to the wharves tomorrow. Some strikers already have gone back to work in London and in the Liverpool-Birkenhead area. More than 30,000 men were idle in the two regions yesterday.

Informed government sources said emergency regulations may not be put into force now in view of the back-to-work movement. A state of emergency was declared by King George VI last night at the request of the cabinet.

About 2,000 soldiers moved into London's dock area today to unload supplies. The strike had tied up 232 food and commodity ships.

Ruth In Hospital For Radiation Treatment

New York, June 29.—(AP)—Babe Ruth, former major league home run king, who reported in the past few days that he was in a "supplementary treatment."

"Ruth's condition is about the same as on his admission last week," an official bulletin reported. "He is receiving treatment by radiation. It is expected he will be more comfortable when he has recovered from the fatigue of his recent trip and when the treatment he now is receiving has begun to take effect."

Ruth, hospitalized several times in the past year, entered French hospital in November, 1946, and was discharged in February, 1947, after undergoing a throat operation.

FALL KILLS GIRL
Birmingham, Ala., June 29.—(AP)—Wildie Kerr, 15-year-old farm girl, died early today of injuries suffered when she fell from a windmill she had climbed while sleep-walking.

Coroner Harold Calcott reported.

Estimate 3,000 Dead, 8,000 Hurt By Jap Earthquake

Fukui, Japan, (Wednesday), June 30.—(AP)—The estimated toll in Fukui's earthquake disaster was placed today by U.S. military government officials at 3,155 dead and 7,530 seriously injured.

That included both this ruined silk-making city of 80,000 and the rest of Fukui prefecture which was ravaged by Monday's great earthquake. Settling shocks struck Tuesday, but they were light.

Relief workers, both American and Japanese, were working through the smoking ruins of Fukui looking for more victims.

General MacArthur's headquarters in Tokyo said the possibility of a serious epidemic was "practically nil" thanks to prompt medical measures on the spot. A relief train carrying medicines and vaccines was en route from Tokyo.

If the casualty figures are confirmed it will be Japan's worst post-war disaster. A quake late in 1946 killed 1,354 in the Osaka area.

Beyond the estimates, this western Japanese city was not sure how many had died in the wilderness of broken houses and buildings, many charred by the flames that came with the shocks.

'48 Wheat Loans To Approximate \$2 A Bushel

Washington, June 29.—(AP)—Agriculture department officials indicated today the government's average price for 1948 crop wheat will be about \$2 a bushel nationally.

Rates will be higher at terminals to reflect handling and transportation charges from farms.

The \$2 average is based on the June 15 parity price of \$2.22. The department is required by law to support the grain at not less than 90 per cent of parity as of July 1.

The July 1 parity is expected to be unchanged from that of mid-June.

The support prices averaged about \$1.84 for last year's crop.

The new support prices will be announced formally within a day or so. The department supports prices by means of loans to farmers. Loan proceeds go to the farmer's bank.

Complete British Israel Evacuation

Haifa, Israel, Wednesday, June 30.—(AP)—The remaining handful of British troops began early today their final evacuation from Palestine.

Gen. Hush A. MacMillan, commander of British troops in Palestine, issued a proclamation formally ending Britain's "military jurisdiction" in the Holy Land at midnight tonight.

Then, for the first time, count Allenby marched through the city during World War I, at an end.

A few remaining troops are expected to be embarked on troopships before noon, leaving Haifa in Jewish hands under the supervision of United Nations trustees.

RUHR COAL INCREASED

Essen, Germany, June 29.—(AP)—Ruhr coal production has gone over 300,000 tons a day for the first time since the end of the war, the British-American coal control group said today. Yesterday's production figure was 308,845 tons.

Guerrilla Troops Cut Greek Army Supply Lines

Athens, June 29.—(AP)—A press dispatch said tonight two guerrilla bands have severed one of the Greek army's main supply links. American construction men working on the road were forced to flee.

The attack severed all communications between Athens and Ioannina except by way of the Island of Corfu, the dispatch said.

The dispatch, flown to the newspaper Embros from the fighting zone, said the Communist-led guerrillas cut the road between Ioannina and Preveza. They have been attempting to slash this road for nearly three weeks.

The road is the main supply link for three divisions: the Ninth fighting northeast and east of Konitsa, the Eighth protecting Ioannina to the east and the 10th situated somewhere east of Ioannina.

Heavy fighting is under way 11 miles south of Ioannina, the dispatch said.

MARION YOUTH KILLED

Marion, Ill., June 29.—(AP)—Robert Eugene Wilson, 20, of Marion, was killed today when a coal truck he was driving overturned on highway 12 five miles east of here.

Wilson was thrown from the vehicle and pinned under the load of coal in a ditch.

HOLD TUSCOLA MAN

Tuscola, Ill., June 29.—(AP)—James Bird, 30, today was charged with assault with intent to commit murder in connection with the shooting of his wife, Alberta Knight Bird, 25, last Saturday.

Bird, who waived a preliminary hearing before justice of the peace Hayden Shome, was bound over to the grand jury under \$5,000 bond.

Reds Still Blockade Berlin; U. N. Refuses To Intervene

Lie Plans No Action By U. N.

Lake Success, June 29.—(AP)—Trygve Lie, United Nations secretary-general, abandoned tonight an idea of putting the Berlin crisis before the Security Council at this time.

He decided not to act shortly after the United States informally suggested, in effect, that the United Nations should not yet intervene in the Berlin situation.

France also shares this view but had not yet replied to Lie's suggestion.

"I have been watching closely the situation in Berlin for some time and will continue to do so," Lie said in a statement read by a U.N. press officer. "At this time I do not plan any action under Article 99."

Authoritative sources speculated that Lie might keep the situation in mind for possible action if the Berlin deadlock became worse.

Shortly after Lie's statement was read, a British spokesman said the London government also did not expect favorably to possible U.N. intervention.

The Russian delegates to the U.N. are not available for comment but persons familiar with Russian policy said that the Soviet could not be expected to favor bringing up the Berlin situation in the council at any time.

Nine Harvest Plants Closed By Wage Strikes

Chicago, June 29.—(AP)—Nine International Harvester Company plants were closed by a strike today, but negotiators kept the bargaining talks going in the hopes of reaching a speedy settlement.

The question of when a company offer of an 11 cents hourly wage boost should become effective appeared as the chief stumbling block.

A spokesman for the company said the employer offered today to regular army enlisted men and make the wage boost effective as of warrant officers to retire after 30 years' service at their highest pensions of the old contract for one year.

However, he added, the union requested that the pay boost be made effective retroactive to June 15.

All 35,000 workers affected by the plant closings are not represented by the CIO-UPWA. Supervisory workers and members of some craft unions reported for work at some plants although production lines have halted, the company said.

Closed by the strike and number of workers affected were: McCormick Works, Chicago, 7,800; West Pullman Works, Chicago, 3,700; Tractor Works, Chicago, 6,200; McCormick Twine Mill, Chicago, 950; Auburn, N.Y., 2,200; East Moline, Ill., 3,700; Richmond, Ind., 1,500; Rock Island, Ill., 3,000; and Louisville, Ky., 5,500.

Guerrilla Troops Cut Greek Army Supply Lines

Athens, June 29.—(AP)—A press dispatch said tonight two guerrilla bands have severed one of the Greek army's main supply links. American construction men working on the road were forced to flee.

The attack severed all communications between Athens and Ioannina except by way of the Island of Corfu, the dispatch said.

The dispatch, flown to the newspaper Embros from the fighting zone, said the Communist-led guerrillas cut the road between Ioannina and Preveza. They have been attempting to slash this road for nearly three weeks.

The road is the main supply link for three divisions: the Ninth fighting northeast and east of Konitsa, the Eighth protecting Ioannina to the east and the 10th situated somewhere east of Ioannina.

Heavy fighting is under way 11 miles south of Ioannina, the dispatch said.

The dispatch, flown to the newspaper Embros from the fighting zone, said the Communist-led guerrillas cut the road between Ioannina and Preveza. They have been attempting to slash this road for nearly three weeks.

The road is the main supply link for three divisions: the Ninth fighting northeast and east of Konitsa, the Eighth protecting Ioannina to the east and the 10th situated somewhere east of Ioannina.

Henderson Claims Ike Only Can Beat Dewey

Washington, June 29.—(AP)—Leon J. Tobin, Teamsters' union (AFL) president and former Roosevelt campaigner who recently was quoted as refusing to serve as an Indiana delegate to the national convention.

Tobin, after a 75-minute conference with the president, refused to say whom he favored for president.

Mr. Truman's press secretary, Charles G. Ross, said the president and Tobin "had a very pleasant talk about the political situation."

The ADA chief contended Mr. Truman is far from having the nomination "bottled up." He added that if either Eisenhower or Supreme Court Justice William O. Douglas declares his candidacy the president will not be nominated.

Says Truman Lacks 200
He estimated that with 418 votes required for nomination, the president could count only on a "shaky" 310 pledged or instructed delegates.

Of the remaining votes, Henderson said, 816 are unpledged. 817 pledged to others, and 26 in Virginia remain to be picked Friday.

Pro-Truman forces immediately challenged these figures. They did not give the president's pledged strength, but said his pledged and otherwise "favorable" votes now total 646, or more than 200 over the required majority.

Hopes For California Votes
Henderson said he had been in frequent contact with James Roosevelt, now California national committee chairman, and said he believed some way would be found for the Truman-pledged delegation with 54 votes to "advance the name of Eisenhower or Douglas."

Henderson said the ADA does not control any delegates, but that it has 110 members spread through 24 delegations.

Despite his anti-Truman stand, Henderson said in reply to a question he would be willing to run in second place on a ticket with the president, because of the honor, but he would not expect to be elected.

U. S. Jet Fighters Prepare For First Atlantic Flight

Washington, June 29.—(AP)—American and British jet fighters are getting set for trans-Atlantic jumps. Sixteen U. S. air force F-80 jets, escorted by three bi transports, and a rescue plane, are to take off July 1.

But six British Vampire jet fighters are to fly the east-to-west hop Thursday—weather permitting.

The American planes will fly from Selfridge Base, Michigan, to Maine, then attempt the stepping-stone route to England via Labrador, Greenland, Iceland and Scotland.

They are scheduled to wind up at Fursteneufbruck, Germany, and remain in Europe about two weeks.

The British jets will follow the Iceland-Greenland-Labrador-Canada air trail.

Both flights are intended to provide the jet pilots with operational experience over long sea routes and determine the practicability of ferrying jets across the Atlantic by their own power.

Studebaker Quits As Education Head

Washington, June 29.—(AP)—Dr. John W. Studebaker resigned today as U.S. commissioner of education today because he could no longer afford to remain in the federal government.

Accepting his resignation effective July 15, President Truman wrote Studebaker that "I can fully understand the situation."

Studebaker announced later that he would become vice president and chairman of the editorial board of Scholastic Magazine.

Studebaker, 61, was born in McGregor, Iowa, and worked his way through college as a union bricklayer.

His office supervises the expenditures of federal funds by land-grant colleges, administrators federal vocational education laws, conducts a non-communistic affidavit, and provides Section 9-H of the law, by a vote of two to one.

The ruling was made in dismissing a request for an injunction by Local 68 of the CIO Whitehouse and Warehouse union, representing warehouse employees of P. W. Woolworth and Company.

The union was ruled off the ballot in a collective bargaining election and refused a hearing by the NLRB because some officers had failed to sign the affidavits.

TRUMAN TO VISIT N. Y.
Washington, June 29.—(AP)—President Truman is going to New York July 31 to help dedicate the new Idlewild Airport there.

Plans for the trip are being worked out and will be announced soon.

Red Marshal Ups Hopes For Ending

By Edwin Shanker
Berlin, June 29.—(AP)—Soviet Marshal Vasily D. Sokolovsky held out hope tonight that the Soviet land blockade of Berlin may be lifted before the city's food runs out.

The Russian commander, replying to a British demand that be lift the blockade or take the blame for starving the German residents of the American, British and French sectors of Berlin, said he learned the city had food on hand to last for "several weeks."

Letter To Robertson
"I hope that in this time we can have the traffic running as usual," he said in a letter to the British commander, Gen. Sir Brian Robertson. The letter was made public by the Soviet licensed news agency ADN.

Sokolovsky intimated at the same time, however, that the Russians are sharply on the lookout for any violations of the air corridors in the great British-American effort to feed the city with sky-borne supplies.

He also served notice that the highway to Berlin from the west would remain closed indefinitely to stop the illegal importation of currency from the western zones to Berlin.

Commander Expresses Regret
The Russian commander expressed regret at Berlin's situation. ADN said, but argued that the Soviet clamp on communications was imposed to protect the Russian zone's economy in the wake of currency reform in the western zones of Germany.

Russian engineers are taking steps to repair the "technical damage" to the Helmsdorf-Berlin railroad line, the only rail link supplying the city from western Germany, Sokolovsky said.

When the Russians closed down this link, they said it was necessary because of such damage. The letter was made public only a few hours after the Berlin city council, appointed to the United Nations to intervene in the city's crisis, forestall "urgent danger to world peace."

Clay Attends Conference
Gen. Lucius D. Clay, American military governor, spent most of the day in conferences with William H. Draper, undersecretary of the army, Lt. Gen. Albert C. Wedemeyer, the army's director of plans and operations, and Gen. Sir Brian Robertson, the British military governor.

W. Averell Harriman, roving ambassador for the European recovery plan, arrived for conferences with Clay. He was accompanied by Michael Forrestal, son of U.S. defense secretary James Forrestal.

The British military governor, just returned from a one-day trip to Copenhagen, Denmark, denounced the Russian inhumanity in the city's crisis, forestall "urgent danger to world peace."

Robertson Denounces Reds
Robertson's strong denunciation, was made in a statement before the British zone's German advisory council at Hamburg.

U.S. air force planes landed at Berlin's American airfield at eight minute intervals, in sun and rain. In an attempt to stretch out present available food supplies in the western sector until late July or early August.

By early evening 75 U.S. cargo planes had brought in 182 tons of cargo of food for the Germans today. The western Berlin population, however, requires 2,000 tons of food a day and that much coal.

The RAF flew 26 planes into Gatow airport, 18 of them carrying cargo.

The Russians began to be pinched by their own blockade and had to send 36,000 tons of hard coal from Poland to make up for Ruhr coal cut off by the British.

Carnival Worker Found Dead In Cell

Chateworth, Ill., June 28.—(AP)—A transient carnival worker, killed last night on a charge of ransacking cars, was found hanged in his cell today.

He was Raymond V. Kirkpatrick, 39, who worked in a soft drink concession with the Midway Murth Shows. His last permanent address was Norman, Okla.

Policeman Orin Herbert discovered the body at 7:30 a. m. Kirkpatrick had been dead about an hour.

Hold Burial Rites For Earl Carroll

Glendale, Calif., June 29.—(AP)—Hollywood notables and the show girls he glorified paid tribute to Earl Carroll yesterday at funeral services for the showman who was killed in the Mc. Carmel, Pa., plane crash.

Among 500 mourners who crowded the Church of the Resurrection at Forest Lawn Memorial Park were showgirls from Carroll's Hollywood theater-restaurant revue.

Move Huge Diesel Engine Base To City Light Plant

The 47-ton engine base of the new diesel, he had been with the diesel for the city light department pany for the past 36 years and was moved to the plant on U. S. 36, revised installation of all diesel generating units. Despite chilly and intermittent showers, many residents of Jacksonville turned out to watch the task.

The huge machine had been brought from the Beloit, Wis., factory of the Fairbanks-Morse corporation. The Wabash railroad parked it at the North East street intersection.

Ben Cohen was in general charge of the moving operations. Four Springfield members of the ironworkers union, under the direction of Harold Wagsstaff of Jacksonville, hauled the massive structure onto a lowboy truck owned and operated by Leslie Ankrom of Jacksonville.

COURTHOUSE FLAG
AT HALF-MAST AS
WAR DEAD RETURN

The flag at the courthouse flew at half-mast. The colors have been lowered each time the body of a Morgan county hero comes home for a funeral.

This is the way that Morgan county shows its respect for those who made it possible for Morgan county to exist as a political entity. The Republic stands because of the supreme sacrifice of these young men.

This token of respect was requested by Walter Hamilton, commander of the American Legion, post 279.

Daughters Named Executors Of Welsh Estate

A bequest of \$200 to the Rev. F. P. Fornaz, pastor of the Church of Our Saviour, for masses for deceased members of the family was provided in the will of the late Michael T. Welsh which has been filed for probate in the county clerk's office.

The will also directs that \$50 be paid to John Welsh, a brother, and \$25 to a friend, William C. Griffith. In addition, executors of the estate are ordered to see to it that proper markers are constructed at the cemetery on graves of deceased members and provide that the executors provide for proper payment from the residue of the estate.

The remainder of the estate is left to three daughters, Loreta May Hopper, Helen M. Lindsay and Ida K. Finch. The daughters were appointed executors of the estate.

20 Years—And No Purgatives

"For the last 20 years I have relied on KELLOGG'S ALL-BRAN to keep me regular—it has never failed me."—W. L. Carmichael, Portsmouth, Va. If your diet lacks the bulk for normal elimination, eat an ounce of KELLOGG'S ALL-BRAN every day in milk—and drink plenty of water. If not satisfied after a 10-day trial send the empty carton to the Kellogg Company, Battle Creek, Mich., and get DOUBLE YOUR MONEY BACK. Order KELLOGG'S ALL-BRAN today.

Derby Officials Show Medals, Cups, Awards For Soap Box Winners

An exciting display of Soap Box Derby lore is on display at the Corn Belt Chevrolet Company in Jacksonville. The display is flanked by winning racers which represented Jacksonville in spectacular final races in Akron, Ohio. One is the car which carried Jimmy Wood to victory almost ten years ago. The other belongs to Lawrence Crawford, Jr., the 1947 winner. The sleek car of Crawford's incidentally holds the all time record for the Jacksonville track.

White Hall Couple United In Church Ceremony Sunday

White Hall—Pink and white gladioli, arranged in a setting of lilacs, palms and lighter tapers provided the background for the beautiful afternoon wedding of Miss Joanne Conrad and Frederick C. Moulton. The double-ring ceremony took place Sunday at 3 o'clock at the First Baptist church. The nuptial vows were received by the pastor, the Rev. Ben A. Bohn.

The bride is the daughter of County Clerk and Mrs. Dwight Conrad of White Hall, Mo. Moulton is the son of Mr. and Mrs. Carl Moulton of this city. Preceding the ceremony, a brief recital of organ music was given by Mrs. Ben A. Bohn, who also played the traditional wedding marches. Miss Mary Jean Crawford sang "I Love You Truly," and "Because."

The bride was escorted to the altar by her father, who gave her in marriage. Her gown of white marquisette over tulle, fashioned with fitted bodice, high round neckline with scalloped marquisette collar, trimmed with seed pearls. The long fitted sleeves were pointed over the hands and the full skirt draped to form a bustle lengthened to a long sweeping train. Her fingertip veil, made by her mother, was of imported illusion and fell from a tiara of pearls and orange blossoms. She carried a white satin covered Bible, a gift of her grandmother. The Bible was topped with an orchid.

Groom's Cousin Best Man
Donald McCallister of Wood River, cousin of the groom, was best man. Ushers were Bennett Goodhouse, Elmer Settle, Denton Goodhouse, and Carl Moulton.

The bride's mother chose for her daughter's wedding a navy blue sheer print dress with white accessories. The groom's mother wore a pale rose rayon jersey dress, matching hat and white accessories.

Immediately after the ceremony a reception was held in the church basement. Serving was in charge of Mrs. Curtis Griswold assisted by the Misses Theo Patterson, Mary Forrester and Sarah Griswold.

The couple left for a short wedding trip after which they will make their home in White Hall.

Miss Louise Price And Wayne Tillery Wed At White Hall

White Hall—Miss Louise Price, daughter of Mr. and Mrs. Harry C. Price, and Wayne Tillery, son of Mr. George Tillery and the late Mr. Tillery, were united in marriage Sunday evening at the local Methodist church, with the Rev. Charles Vandeventer performing the double ring ceremony.

White gladioli, ferns, palms and lighted candelabra made a beautiful background for this ceremony. Following the candlelighting by the ushers, Russell Hutton of Goodhouse and Robert V. Price, a cousin of the bride, Miss Mildred Morrow played the traditional wedding march.

The bride, who was given in marriage by her father, had as her attendant her sister Miss Virginia Price. Kenneth Tillery, a nephew of the groom, served as best man.

Included in the display are some of the awards which Jacksonville racers will win, come Sunday afternoon, July 18. The various medals for class "A" and class "B" are in a prominent position. The imposing cup given to the winner of the fastest heat is shown. The M. Dreyer award, given to the city champion and the official certificate which goes with the award are in the window.

The impressive tool case, a new prize for Jacksonville racers, forms a prominent part of the display.

Each Boy a Winner
As past Derby contestants will report, the funniest aspect of the Derby is that each boy is a winner. Each contestant is given the coveted official Derby shirt and crash helmet, in addition to the many prizes which he is eligible to win.

Must Have Identical Wheels
The rules of the Derby provide that each contestant have the same set of axles and wheels. This puts the boys on an equal status. He who can construct the sleekest racer will make the set time. Past races in Jacksonville have proved this fact beyond a shadow of a doubt. These wheels and axles are on display, too.

The female's moth lays anywhere from 100 to 300 eggs during her 16-day life span.

Remains Of Scott County Man Being Returned Home

Mr. and Mrs. Ernest Newingham, rural route two, Murrayville, have been notified that the body of their son, Staff Sgt. Lyndie E. Newingham, who was killed in Germany in March of 1944, is being returned for reburial. Upon arrival, the remains will be taken to the Danner Funeral Home at Winchester.

Sgt. Newingham was 18 years of age at the time he entered the service in 1943. He went overseas in August of that year and was attached to the infantry division of the 7th Army. He was sent first to Italy and from there went to France and then to Germany, where he was reported missing in action. It was later reported that he had been killed on March 29.

Born near Winchester, S. Sgt. Newingham spent most of his life there. He later moved to Nortonville, where he resided on the time of his entry into the service.

Besides his parents, he is survived by two sisters, Mrs. Nadine Wilcox of Jacksonville and Naomi, at home; two brothers, Bernard and Harold Dean, at home; his two grandmothers, Mrs. Mary E. Killebrew of Glasgow and Mrs. Ida Walton of Missouri; and his grandfather, Joe Newingham of Nortonville.

ILLINI GIRLS' STATE-ER

NEWS OF ILLINI GIRLS' STATE WRITTEN BY ITS EDITORIAL STAFF

National President Girls' Nation Speaks

Many Girls Answer Call For Help For "Girls Stater"

Over 17% of the girls who come to Girls State want to be members of the staff of the Illinois Girls' Stater. That's wonderful! Of course, it was impossible to use all of them as members of the staff, but we will endeavor to use the contributions of all those who "followed through" and completed the assignments sent to them. The girls who indicated some particular idea they would like to use, were given special work which will appear daily in the Illinois Girls Stater.

Rainbow Offices Offer Chances For Service

BY MARLENE KOHRER

Of the many offices in the Rainbow for girls, it is the dream of each member to someday serve in the highest office, that of Worthy Advisor. It means sincere work, starting as drill leader and advancing through the offices of Faith, Hope, Charity, Worthy and Associate Advisor. The offices which represent the colors of the Rainbow include: Love, Red; Religion, Orange; Nature, Yellow; Immortality, Green; Fidelity, Blue; Patriotism, Indigo; Service, Violet. There are also a recording secretary, treasurer, chaplain, confidential observer, outer observer, musician, choir director and a choir. Installation of officers is held every three months so more girls have an opportunity to hold office. Service bars are awarded to girls taking an active part in Rainbow and who serve on committees.

Be Your Best!

Can't all be captains, we've got to crew. There's something for all of us here. I like work to do and there's a task we must do is the star. Can't be a highway then just trail. You can't be a sun by a star, by size that you win or you lose. The best of whatever you are!

EVIDENCE

an watch the golden sun rise
a bower of rose glow;
a tiny scudlet swell
and burst through earth and
now;
see all things that live and
as
upon this land we tread
re seasons change, and Christ-
comes.
And say there is no God?

My Experiences At 1947 Girls Nation

By RUTH ANN CLANTON, Lieutenant Governor, Illini Girls State

At Girls' State the girls who studied their various state governments and the functions of each. At Girls' Nation the girls learned the functions of the national government. A mock trial of the Supreme Court was held. A moot Senate was organized. Several bills were passed by the Senate in the interest of future Girls' Nations. Even a moot press conference was held.

Atmosphere Real

All these mock sessions were held in the Old House Office Building in the Capitol, so the atmosphere for these meetings was very real and there was not one girl present who was not deeply impressed. Each girl was learning something of Congressional procedure in a way she couldn't learn from the very best text-book.

Each Nationer was a member of the Girls' Nation Senate. One girl said "Our best hope is that some of us will return one day with the real, not imaginary, title."

F. H. A. Promotes The Satisfaction Of Homemaking

By Mary Lou Beggs

The Future Homemakers of America is the National Organization of pupils studying homemaking in junior and senior high schools of the United States and territories. The organization was founded June 11, 1916. Previous to that time the organization was known as the Home Economics club. The national headquarters are in Washington, D. C. Each high school chapter of F. H. A. is a chartered local unit of the Illinois association of F. H. A. which is chartered by the national organization of Future Homemakers of America. Each high school chapter accepts in full the provisions in the constitution and by-laws of the Illinois association of F. H. A. as well as those of the national organization of Future Homemakers of America.

"Toward New Horizons"

The motto of this club is "Toward New Horizons." The colors are red and white. The flower is red rose and the song is the Illinois State song.

The officers consist of a president, vice-president, secretary, treasurer, scrapbook chairman, parliamentarian, and the advisor.

The advisor is the homemaking teacher in the school where the chapter is located. Officers shall perform the usual duties of their respective offices. They are elected annually by a majority vote of the members present at a regular chapter meeting.

Purpose of Club

1. To promote a growing appreciation of the joys and satisfaction of homemaking.
2. To encourage democracy in home and community life.
3. To emphasize the importance of worthy home membership.
4. To work for a good home and family life for all.
5. To promote international good will.
6. To foster the development of creative leadership in home and community life.
7. To provide wholesome individual and group recreation.
8. To further an interest in home economics.

Personality Sketch

By Marilyn Stroth

By cross-pollinating a walk-talkie and a Maypole, you are sure to discover the formula for the composition of the local Tower of Babel.

Ella is indeed unique. You will find an Ella in every town. Indeed, you may unearth more than one of these rare specimens of humanity for she and her henchwomen thrive on competition.

Don't think I am prejudiced against her. Actually I sympathize with her. Ella is always alert, Rhinoceros, Sinus, Heart trouble. She has even suggested that she is slightly deaf, but that no one can ever make me believe. The only ailment that Ella has (and an incurable one at that) is gossip fever.

Every Number Here

Were you to ask me what Ella's phone number is I could not truthfully answer. Every number on the party line is indisputably hers. However, listening to others' conversations is the only benefit she derives from Bell's invention. Ella must wait until some genius invents an apparatus that does not carry the clanging sounds of false truth!

Her family life is a routine of caring for a dog, two cats, and three chickens. Poor Ella does not consider herself an old maid—NO INDEED! She is merely a lady in waiting, waiting for a man for ever and ever.

Gather Around Bridge Table

Once a month her faithful followers gather around a bridge table but they never play bridge. You see, the Order of Gas Bags, as they are commonly called, are too busy for bridge. The Order has neither laws nor by-laws, but common sense tells the ones associated to come early and stay late if they don't want to be booted, and thoroughly analyzed. The meeting adjourns only after the absentees have been put through the gauntlet of gossip.

Latest fashions do not affect her wardrobe. Ella dresses with simplicity, modesty, economy, and la-de-da's fashion. In spite of this her philosophy is ultra-modern. It is simply "GO. FIND OUT. SPREAD THE NEWS."

Still Ella seems to possess some powers of prophecy. You see, when Ella hears some bits of information, she puts two and two together—and gets five!

Honey makes a soft, delicate white frosting for a cake to be served the day it is made. Beat an egg white with a dash of salt until it can hold soft peaks; then pour one-half cup of honey over the egg white in a thin stream, beating constantly as you do so. Continue to beat until the frosting holds its shape well about 4 minutes.

Qualities Listed Necessary For Good Citizenship

By Doris Leigh

Since we are devoting our week to Girls State to become better citizens and learning as much as we possibly can about our democratic system of government, I feel that there is no better time than now to mention a few of the qualities of a good citizen.

A good citizen must be effective, not only in the public life, but also in the home life. Anything which makes for successful living in the home or in the community helps to lay the foundation for security and greatness in a nation. It is one's duty, both to his nation and to himself, to find the road to happy and satisfying life; for one who does not learn how to live successfully cannot contribute very much to the welfare of the nation. The welfare of the country requires that all people living in it be well adjusted to their environment, so that they can live agreeably and happily.

An individual does not have to be an intellectual genius in order to be a good citizen! The person of ordinary intelligence who applies himself to the task wholeheartedly and with a Christian spirit can learn about the problems of his country so that he can meet the requirements of citizenship in public, as well as in private life.

Society has need for both leaders and followers. Good citizens have an important part to play in their country's service.

Joan Sits Alone

As Joan had promised the girls the night before, she arrived the next morning to watch the swimming activities of forty-eight girls. It was a very lonely and disconsolate girl who sat on the edge of the circle and listened very closely to what the instructor said.

"This morning, we will more or less get acquainted with the water, and with each other. We are going to use the 'buddy' system. The main reason for this is not for getting acquainted, but for safety reasons. There are thirty days of this camp, and if every day you have a new buddy, by the end of the camp period you will have a more intimate acquaintance with thirty campers."

They will, thought Joan, as she moved in a little closer and became more interested as the instructor went along. She would have liked to ask some questions, but she somehow felt "outside" the easier circle. Toward the end of his introductory speech, the instructor said something that made Joan feel even more badly and left her out.

"By the end of the month, we know all of you will be fairly good swimmers, and some of you expert. We have planned a reward for those girls who successfully pass the swimming test and have at least received their junior life saving badge. We have arranged for an all day sailing trip on nearby Gasconade Lake. We will have preparatory lessons in boating, sailing, and canoeing. Each girl who has acquired her senior life saving badge will have charge of ten to fifteen girls during this trip."

The business of selecting a buddy and registering to put their names on the large "buddy board" took only a few minutes. They listened to a short lesson. Then in the shallower end of the pool every girl had to learn where she was going when she was in the water. Each took her buddy by the hand and set down on the bottom of the pool with her eyes open and looked around. There was lots of splashing, spluttering, blinking, and giggling, but as Joan looked at their faces, they weren't a single girl who looked afraid.

After a few more elementary stunts, like hanging on to the edge of the pool and kicking their feet in a canoe stroke, a few girls put their arms straight out in front of them and with their faces under water and their backs straight, struck out across the pool using only their feet with a scissor stroke to propel them. Joan watched the instructor and his assistants go about helping each couple to understand and try new strokes. All too soon the whistle blew.

"Oh, one more thing before we quit," the instructor said. "There is another girl coming late into camp tomorrow making forty-nine. She won't be able to learn without a partner. Hunt a recruit so we'll have twenty-nine couples, will you?"

The merry laughing crowd ran off to the showers. The instructor noticed Joan's self reluctance to leave and asked "anything I can do for you?"

Self consciously Joan asked "Do you suppose that I could learn? Could I be the fifth girl?"

"Sure enough, anyone who wants to can learn to swim."

Smilingly she said, "O. K. See you tomorrow."

Girls Learn Farm And Home Practices In 4-H

The main and most important object of 4-H club work is the club motto: "To make the better best." Through 4-H work, boys and girls are given an opportunity to learn better farm and home practices. The leaders are always instructing the members on the most modern methods of completing a task.

Each member must do at least one project satisfactorily to be an "achievement number." By project work well done, members of 4-H clubs all over the country become better and more efficient workmen.

The boys and girls are awakened to the fact that there are opportunities about them at all times. They are taught to seek out and take advantage of these opportunities. Leaders are always ready and willing to give helpful advice in the time of need.

Club work gives the girls, who have planned to make home economics their future career, a chance to discover the place of this field in which they excel.

Projects For Girls

Projects for girls that may be undertaken are: clothing, food, and room improvement. The phases of these projects are many and very diversified, covering such work as: cookies, yeast breads, quick breads, preservation and utilization of fruits and vegetables, flower arrangement, card table covers, dressing table covers, and all types of clothing. Besides these, the boys have entirely their own fields of endeavor.

The boys and girls learn to cooperate fully with other young people of different religions, races, and colors. This is achieved through close contact at local, county, state, and national meetings.

Dispositions

BY HELEN THOMAS

All people have a different disposition. They are built differently mentally just as they are physically. Some people are quiet and shy. Others are bold and forward. Some are happy; some are sad; some are windy; and then some say hardly anything at all. It is just human nature for us to naturally like a person who is turned the same way as we are. I think that self-confidence is gained. One never knows what can be done well until it is tried.

Along with the other projects, a health project is carried by each member. This encourages healthful living for members, their families, and the community as a whole.

Through 4-H club work much interest is gained in the fields of home economics and Agriculture. Sometimes, club work so encourages the members that they choose their life career along these lines.

SMITHS LEAD JONES

The Smiths have the edge of the Jones' here at the 1948 session of the Illini Girls State. By one, Three you are. Respect the other person Jones girls and four Smiths! Time as you should, and he will respect Andersons have caught up with the Jones in return. When you respect Smiths this time, for we have four someone, the next thing you know Andersons. There are three Carlsons, you begin to like him and you be three Hoffmans (not including Mrs. come friendly. A friend is a nice Florence Hoffman of the staff, and thing to have so the more friends a number of twosomes. But isn't you have, the better off you will be something to know you have to keep up with the Andersons and to respect them and not be inde- Smiths instead of the Jones' dependent to the point where you card We will like the Jones' though, annoy them.

Schmitz Beats Cards 3-1 On Four-Hitter

7-0 Win By Lopat Moves Yankees Into Second Place

New York, June 29.—Lefty Ed Lopat gained his fourth straight victory for the New York Yankees tonight, shutting out the Boston Red Sox, 7-0, on three hits while the Yankees clubbed the Boston pitchers for 14 safeties before 10,941 fans.

The triumph moved the championship Yankees into second place as percentage points ahead of the Philadelphia Athletics, who lost to Washington, and one game behind the front-running Cleveland Indians.

Lopat, in hanging up his sixth victory, gave his best performance since the Yankees acquired him last spring from the Chicago White Sox. To Sox runner was able to reach second base against the stylish out-pitcher.

Chicago Top Browns
 St. Louis, June 29.—The Chicago White Sox moved closer to trading places with the Browns in the American League cellar by downing the St. Louis club 4 to 1 behind the seventh-inning pitching of Bill Wright tonight. Dave Philley homered to the third inning with a man on base.

Junior League Softball

Chicago, June 29.—(P)—Johnny Schmitz, hooking up in a brilliant slab duel with Harry "The Cat" Brecheen, interrupted the first-place drive of the St. Louis Cardinals today when he hurled the Chicago Cubs to a 3-1 triumph before 17,158.

The lanky cub southpaw doled out only four hits as he registered his seventh victory against eight losses. The lone run by the Cardinals came on the first of a pair of doubles by Enns Slaughter in the fourth inning and a single by "Nippy" Jones.

That represented the only scoring in the game until the sixth when Brecheen, who had allowed only two hits previously, suddenly weakened. He was tagged for the first time since after retiring the first two men and the Cubs pushed across all three of their runs.

Andy Patko singled and popped as third on Bill Nicholson's double down the right field line. Harry "Peanuts" Lowrey smashed a single over second that was knocked down by Marty Marion, Patko scoring. Bob Scheffing lined a single to center to drive in Nicholson for what proved the decisive run. Clarence Maddern touched with a punch single that counted Lowrey.

Today's victory gave Schmitz some measure of revenge for he had lost two to the Cardinals this year. On one of these, incidentally, found him a victim of Brecheen's 1-0 game in which the Cub star allowed only two hits.

Local Baseball Fans Show Preference For National Loop Teams

National league baseball fans in Jacksonville and vicinity far outnumber supporters of the junior circuit. If ballots received by the Journal Courier in the current All-Star baseball poll are a true indication of sentiment.

The National league fan strength was seen again Tuesday as a record number of ballots were filed with the local newspapers. As has been the case many times before, a number of ballots were turned in which named only a National league team. The American league side was left blank.

Nothing New
 The neglect in naming American league stars is nothing new, as a comparison of the total vote in each loop will show. About 20 such ballots have been received, oddity enough, no ballots have named an American league team without selecting one for the senior circuit also.

There were no changes in the local leaders Tuesday. The voting now seems to be following a fairly definite pattern.

In the American league, Joe Gordon of Cleveland jumped into the four-vote lead in the second ballot. In the National league, the highest vote thus far, he took the advantage over Bobby Doerr of Boston after the two had been deadlocked at 30 and 30 in Sunday's result.

Line score:
 St. Louis AB R H O A

Lions Take First Loss As Exchange And Rotary Win

Two upsets were recorded in civic league play at Nichols Park diamond last night as the Lions club suffered its first setback in two seasons of loop action. A 4-1 spanking by the Exchangeites, and the Rotary club put down a seventh-inning uprising to nose out Kiwanis 8-7.

The Lions' roars were diminished to a whisper by Exchange hurler Cecil Ford, who allowed but one safety in a seven-inning hitch on the hill. The one safety was combined with two Exchange errors for the Lions' only tally, a run which temporarily tied the game 1-1 in the fifth inning.

The Exchange aggregation, which scored in the second on Crowe's triple and a passed ball, came back with three in the sixth to win the ball game. A walk, Gillette's single, Henskel's double and two errors accounted for the winning tally.

Line score:
 Lions AB R H O A
 000 010 0-1 1 2
 Exchange AB R H O A
 010 003 4-1 5 3

The Rotarians used a Lions club battery and a few other borrowed batters in chalking up their decision.

The winners got off to an early lead, but had to stop a determined Kiwanis rally in the bottom seventh to take the win. Sports made the key catch, as with two out and two on, Hagen slugged a long liner.

Beardstown-Dealers Tangle Here Tonight

The West Central Illinois Invitational softball tournament is temporarily over, but Jacksonville fans for a tough test tonight. Youngs will have an opportunity to see two of the best teams in the meet tangle tonight at Nichols Park diamond when the Jacksonville Recreation city title.

League games will continue at the southside park this week, and will resume next Tuesday, following the Fourth of July celebration.

The Jacksonville Farm Implement Dealers, who captured a host of new supporters in their thrilling 11-inning victory over the Macomb Dodgers in an opening round tournament, will face the defending champion American Legion aggregation in a postponed AA league combat at 7:30 p.m. (DST).

The Civic League team has taken on new strength recently with the addition of Big Bill Boyer to the mound staff. Boyer tossed a two-hitter against White Hall in the Civic's first tournament contest.
